

# ACI CERTIFICATION

## Concrete Laboratory Testing Technician Certification Grade 2

The Concrete Industry Board is conducting an ACI Concrete Laboratory Testing Technician, Grade 2 certification course

This program is intended to train concrete technicians to select proportions for concrete mix designs, evaluate concrete test results using statistical methods, perform the flexural strength test and nine other test methods not covered by the Laboratory Grade 1 certification program. This course is structured to provide laboratory staff the technical knowledge to be better able to develop and review mix designs and evaluate test results.

**ACI Concrete Laboratory Testing Technician Grade 1 certification is a prerequisite for taking this course. Lab Grade certification 1 # \_\_\_\_\_**

A listing of the tests involved with each of the certifications is on the reverse side of the form
